

SILVER STATE AP* SUMMER INSTITUTE

COURSE SYLLABUS STUDIO ART

Ed Howland, Presenter

Dear Attendees,

The Institute is a unique time to share information with colleagues. Please bring at least two of your favorite lessons to share with the group. Slide carousels will be available if you want to use them or you can bring flat work, if that's easier. I will bring over 200 examples of student work from around the country; you are welcome to photograph them, so you might want to bring a digital camera. Also I will bring sets of AP™ slides.

You might want to bring your students' slides if they are planning on taking the AP™ exam next year. We can evaluate their progress using the AP™ rubrics.

If you have a favorite media you like to work in, bring it if you want to. We then discuss how your work could become part of an AP™ concentration.

AGENDA SUMMER INSTITUTE 2007

MONDAY

Introductions/burning issues

What AP™ can do for you and your students

Getting a handle on the portfolio

Overview of the new portfolio format

Discussion Teachers Guide to Studio Art
